NOTICE OF ALLOWANCE

This is a Notice of Allowance in response to Amendment filed 4/3/2006, in reply to the prior Office Action dated 11/15/2005.

Claims 1-14 were pending. Claims 12 and 13 are cancelled.

Drawings

The drawings with replacements sheets for Figures 1 and 2 received on 4/27/2005 are acceptable.

Allowable Subject Matter

Claims 1-11 and 14 are allowed. Renumbered as claims 1-12.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior arts of record taken alone or in combination fail to teach, anticipate, suggest or render obvious the claimed invention, recited in the independent claim 1, including inter alia, a clocking system having clocking isolation elements for logic and memory circuits and scan chain by pass isolation elements to enable and disable the BIST which tests the memory macro circuits while logic scan chain results are read out.

Independent claim 14 recites a method, including inter alia, placing the device into a bypass mode wherein the memory macro circuits are isolated from the scan chains, and generating separate test clock signals to both memory macro circuits and logic circuits.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
